## ANTI-TRADING STAMP BILL

Passes the House With Two  
Votes Against It.

NOT ABSOLUTELY PROHIBITED

Measure Requires the Stamps to Have  
Their Value Printed on Their Face.  
Senate Passes the Putnam Bill Ex-  
tending Aid to County High Schools,  
Graded, Semi-Graded and Consoli-  
dated Schools That Teach Agricul-  
ture.

St. Paul, April 1.—The anti-trading  
stamp bill, already passed in the sen-  
ate, passed the house by a vote of 105  
to 2. The bill will go into effect as  
soon as it is signed by the governor.  
This will be done within a couple of  
days.

The bill does not absolutely prohibit  
giving trading stamps, but requires  
the stamps to have their value printed  
on their face, and makes unlawful the  
present method of compelling the women  
to lick a whole book full of  
stamps before they get any presents.  
The bill had to be drawn that way to  
make it constitutional, the supporters  
of the measure said, but they claim  
that it will put the concerns who have  
been drawing millions from the state  
under this scheme out of business any-  
way.

The supporters of the bill said that  
the stamp concerns hold up the mer-  
chants for big sums, several times as  
much as the value of the presents,  
which they give the public.

After the greatest amount of jockey-  
ing on a bill this session the senate  
after a long debate passed the Putnam  
bill, extending aid to county high  
school, graded, semi-graded and con-  
solidated schools, which teach agricul-  
ture and domestic science. The bill  
carries an appropriation of \$50,000 for  
the next two years, enough for ten  
schools each year. No school is  
to get more than \$2,500, and the state  
is to pay two thirds of the cost of in-  
stalling and operating the agricul-  
tural department.

Must Yet Pass Finance Committee.  
The bill must yet pass the finance  
committee, but the overwhelming ma-  
jority in the senate indicates that it  
will be favorably acted upon by the  
committee.

The passage of this measure com-  
mits the senate to a county scheme of  
agricultural education. One school in  
each county is to be equipped, to-  
gether with a five-acre tract for the  
cultivation of farm products.

After adopting a motion to adjourn  
this evening until Monday morning  
the senate accepted the invitation of  
the Duluth Commercial club and other  
bodies to visit the iron range before  
taking action on the tonnage tax. The  
acceptance of the invitation was pre-  
ceded by the killing of a resolution to  
go at the expense of the state.

Frank Clague of Lamberton first  
raised the question of going to the  
range at the expense of the commer-  
cial clubs of that part of the country,  
and said that he and others could not  
make the trip under those conditions.  
The resolution was then formulated  
by Senator Works of Mankato to go  
at the expense of the state. He urged  
that the trip would give the senators  
valuable information on an important  
question, but that each senator should  
go without putting himself under ob-  
ligations to the people of the north  
who will be taxed more heavily if the  
tonnage tax passes.

The motion for the state to pay the  
expenses received 28 votes with 19  
against, 32 being necessary. G. H.  
Sullivan of Stillwater then made the  
motion that, as the senate had already  
decided to adjourn, that it accept the  
invitation. This motion required but  
a majority and secured 23 votes to 14  
against.

Weight Bill Is Killed.

Senator Pauly's bill compelling veg-  
etables, eggs and other products to be  
sold by weight instead of measure  
or count, saw its finish in the house  
when they adopted the report of the  
committee on agriculture, which rec-  
ommended that the bill be indefinitely  
postponed.

It is being talked about the house  
corridors that the reason the so-called  
Leavett bill did not get more votes  
was that it had been tipped off to the  
members that if they voted for this  
bill, the governor might veto Tom  
Brady's bill which allows legislative  
members to draw next year's pay this  
year. Anyway, the bill did not pass.

L. O. Thorpe's bill cutting the gov-  
ernor's salary to \$5,000, the figure at  
which it was when the present sena-  
tors entered the body, was reported  
for passage by the finance committee.  
It had been with the committee only

a day. The passage of this bill will  
enable present senators to run for  
governor next year.

The bill introduced by J. T. John-  
son of Fergus Falls limiting the salary  
of the secretary of state fair board,  
to \$3,600 was reported by the committee  
on compensation of public officials  
with an amendment cutting the limit  
to \$2,500.

This would be just half of what he  
gets now, although he would still con-  
tinue to have the privileges he now  
has, free house, light, heat and keep  
of two cows and a team.

### AMENDMENT TO PAYNE BILL

Would Allow Western Manufacturers  
to Retain Export Trade.

Washington, April 1.—To remedy  
the objections which they make to the  
extended drawback privileges of the  
Payne tariff bill, the Republican rep-  
resentatives from the wheat growing  
states of the West have submitted to  
the ways and means committee an  
amendment in the nature of an addi-  
tional provision to the drawback sec-  
tion of the new bill.

Their principal contention was that  
the new provision would result in the  
manufacture of flour for export at the  
cities along the Atlantic seaboard in-  
stead of at the Western mills, as is  
the custom now. In order that the  
Western manufacturers may retain the  
export trade it is proposed that any  
article manufactured of grain raised  
in the United States, in order to  
obtain the drawback when exported  
in lieu of import grain, must be man-  
ufactured in the same mill or fac-  
tory as the article manufactured from  
the imported grain.

The proposed amendment also re-  
quires that the exportation shall be  
made within the fiscal year in which  
the importation of the grain used or  
checked against is made. A further  
provision would make all bran, shorts  
and other by-products of imported  
wheat manufactured in a bonded ware-  
house for domestic consumption sub-  
ject to a duty of 25 percentum ad val-  
orem, based upon the market price  
at the place of manufacture.

It also specified that an amount to  
the like rate of duty shall be deduct-  
ed from the drawback on imported  
wheat if any product of imported  
wheat or its equivalent from domestic  
wheat is not exported.

### PETITION IN BANKRUPTCY

Filed by Pastor of Catholic Church in  
Cleveland.

Cleveland, April 1.—Rev. William  
McMahon, pastor of St. Bridget's  
Catholic church, Cleveland, and editor  
of the Catholic Universe, filed a vol-  
untary petition in bankruptcy in the  
United States court. In the petition  
his total liabilities are stated to be  
\$1,594,141.64, with assets aggregating  
\$76,207.08, of which \$71,300 is real  
estate. The secured claims amount  
to \$946,925.73; unsecured claims \$371-  
207.91, and commercial paper \$185-  
518.

Father McMahon was a director of  
the Fidelity Funding company of New  
York, founded by P. J. Kieran and  
which now is in the hands of receivers.  
Thus it came about that his name  
was signed to many of the papers  
issued by the company and for which  
he now is held liable by the receivers.

The petition enumerates many notes  
signed by Father McMahon. They  
are held mostly by New York, Pitts-  
burg and Cleveland banks.

### TWO TRAINMEN ARE KILLED

Fire Follows Wreck and Five Coaches  
Are Destroyed.

Ogden, Utah, April 1.—Westbound  
Union Pacific passenger train No. 3  
was wrecked near Castle Rock, in  
Weber canon, fifty-six miles east of  
Ogden. S. J. Lewhan, fireman, and  
C. J. Gordon, baggage man, were killed.  
None of the passengers was injured.  
The wreck was caused by a landslide,  
which carried a large boulder on the  
track. The baggage car, mail car and  
three passenger coaches at once took  
fire and were burned. The rear  
coaches were uncoupled and saved.

Nelson and Welsh Matched.

Pittsburg, Kan., April 1.—Charles  
Eagan, manager of Battling Nelson,  
stated here that a contract had been  
signed for a bout between Nelson and  
Freddie Welsh, the English light-  
weight champion, at Juarez, Mex.,  
June 15, both men to weight in at 133  
pounds.

Mikado to Decorate Eliot.

Washington, April 1.—President  
Eliot of Harvard university is to be  
decorated by the mikado of Japan  
with the Order of the Rising Sun, first  
class. This announcement was made  
to President Eliot by Ambassador  
Takahira of Japan.

## CRAZY SNAKE TO SURRENDER

Wounded Indian Chief Ready  
to Give Himself Up.

SENDS MESSAGE TO FRIEND

Creek Leader Wished to Be Guar-  
anteed Fair Treatment Before He  
Would Yield—Failed to Notify Au-  
thorities Where to Send Answer.  
Cousin of Crazy Snake and Three  
Others of the Band Surrender.

Choctaw, Okla., April 1.—Colonel  
Hoffman, commanding the militia,  
states that he has every assurance of  
surrender of Crazy Snake within a  
short time. The signal fire of an  
agent acting as go-between was seen  
in the hills attempting to locate the  
fugitive.

This information was received here  
over long distance telephone.

Eastman Jones, a cousin of Crazy  
Snake, and three others of the band  
surrendered to Colonel Hoffman.

It was learned that Crazy Snake's  
inquiry as to protection in case of sur-  
render was not official, but was com-  
municated in a roundabout way, in  
keeping with the characteristic cunning  
of the man supposed to have sent it.  
On Monday night an Indian boy came  
to the home of Dr. McIlhenny at  
Brush Hill, six miles from  
Pierce. The boy said the old chief  
had suffered a slight gunshot wound  
in the calf of his leg last Sunday but  
was able to move. The lad declared  
that the fugitive wished to surrender  
if Dr. McIlhenny would guarantee fair  
treatment. Then the messenger dis-  
appeared as mysteriously as he had  
come, leaving the physician, an old  
resident and friend of the Creek lead-  
er, to wonder how to reach the latter  
with an answer. Since that time it  
has, it is said, been the inability of  
Colonel Hoffman to find where to de-  
liver his assurance of safety that has  
prevented the surrender of the much  
sought red man. Even Crazy Snake's  
sister could not, or would not, indicate  
his whereabouts.

The day has been raw and wet and  
it seems certain that Crazy Snake de-  
spite his years and his wound has  
been exposed to all the severities of  
the weather, as every habitation and  
shelter has been searched for him in  
vain.

The expiring bluster of the month  
is expected to hasten the further scat-  
tering or the surrender of other  
Creeks. They are not well clad and  
have no provisions, save such as may  
be obtained surreptitiously.

The town of Pierce, if it may be  
called a town, is the base of present  
operations. The majority of maps do  
not indicate it. It consists of a gen-  
eral store, the store keeper's cottage  
and the store keeper's barn, and that  
is all. Pierce is twenty-five miles  
east of Henryetta and fifteen miles  
west of Checotah.

### UPRISING IN CHIHUAHUA

Mexican Indians Kill Several Tax  
Officials.

El Paso, Tex., April 1.—Rebellious  
at the attempt of the authorities to  
collect taxes and confiscate property  
the Temosachic Indians in the state  
of Chihuahua broke into open war-  
fare, killing several tax officials, ter-  
rorizing the town of San Andreas and  
cutting the telegraph wires.

Indians then sent out a general call  
for reinforcements to resist the en-  
forcement of taxes and the confiscation  
of property. Two train loads of  
troops have been sent from Chihuahua  
to quell the rebellion.

The country is thickly populated  
with descendants of Temosachic In-  
dians. The ranchers in the district  
are known as the "sharpshooters of  
Chihuahua" and are feared by the  
state officials. The Indians and half-  
breeds always go armed and are  
skilled at warfare.

### STABS WIFE AND HIS GUEST

North Dakota Hotel Proprietor Crazed  
With Jealousy.

Berthold, N. D., April 1.—Crazed  
with jealousy, John Boyle, proprietor  
of a hotel here, severely stabbed his  
wife and Frank Trumble. Boyle de-  
clared he returned home in the after-  
noon and found Trumble in the room  
with Mrs. Boyle. He immediately  
pulled a knife and slashed his wife  
and Trumble, injuring both, though  
not fatally. Boyle was arrested and  
held to the district court under heavy  
bond on charge of assault with intent  
to kill. Mrs. Boyle and Trumble deny  
there was anything improper in their  
conduct, and declare it was a case of  
jealousy on Boyle's part.

## REFUSES TO TAKE UP THE QUESTION

Iowa Senate Postpones Consti-  
tutional Prohibition.

Des Moines, Ia., April 1.—Constitu-  
tional prohibition for the state of  
Iowa was postponed if not defeated  
permanently for two years by the ac-  
tion of the state senate in voting  
down a motion to take up the ques-  
tion. The vote stood 26 against to  
21 for. The prohibitionists admit  
their defeat and declare that there is  
no hope of reviving the matter during  
the ten remaining days of the session  
of the Iowa legislature. The senate's  
action followed that of the commit-  
tee on constitutional amendments in  
unanimously tabling the resolution  
and thus refusing to report it to the  
senate.

Senator Proudfoot of Warren coun-  
ty, leader of the prohibition cause in  
the senate, presented the motion for  
taking it from the hands of the com-  
mittee. In a speech of two hours he  
contended that the opposition of con-  
stitutional prohibition in basing their  
claims that the people could vote for  
a constitutional convention under the  
laws of the state at the next annual  
election and thus secure constitutional  
prohibition, was merely a subterfuge.  
The action of the senate, however,  
was due largely to the fact that under  
the constitution of Iowa the question  
of revision of the constitution must  
be submitted to the people once in  
ten years.

### WILL PROTECT ROOSEVELT

Naples Authorities Are Taking Extra-  
ordinary Precautions.

Naples, April 1.—The Naples au-  
thorities are taking extraordinary pre-  
cautions to insure the safety of ex-  
President Roosevelt during his short  
visit to this city. They are not only  
keeping a close watch on the Italians  
who have returned from the United  
States or who have relatives there,  
but also on the foreigners of different  
nationalities who are now here. The  
people of Naples are anxious to ex-  
tend to Mr. Roosevelt the heartiest  
of welcomes. The American consul,  
Casper S. Crowninshield, has already  
received many proposals from asso-  
ciations and private individuals wish-  
ing to convey messages of homage to  
the ex-president or in some other way  
to manifest their feeling of admira-  
tion for the United States, personified  
in the former president of that coun-  
try.

Girl Attempts Suicide.

Des Moines, Ia., April 1.—Rose Gar-  
land, aged eighteen, a pretty telephone  
operator, swallowed an ounce of car-  
bolic acid at her home here following  
a quarrel with her mother about her  
wedding plans. Attending physicians  
say the girl cannot live.

### CONFERENCE MAY BE HELD

To Prevent Threatened War in Cen-  
tral America.

Washington, April 1.—Thoughtful  
students of Central American affairs  
who view with dismay the recurrent  
reports of a general war among the  
republics predict that one of the prob-  
able outcomes will be the holding of  
another Central American conference,  
which shall make the declarations of  
the Washington conference absolutely  
effective by being backed up em-  
phatically by the strong hands of the  
United States and Mexico.

Honduras being in the measure  
the key to the Central American situ-  
ation, a declaration of neutrality af-  
fecting that country which would be  
fully respected by the other republics  
is needed, it is declared. A buffer  
state between Nicaragua and Costa  
Rica on the south and Guatemala and  
Salvador on the north and west would  
thus be provided.

At the last conference Honduras  
was declared neutral and the other re-  
publics bound themselves to regard  
that neutrality so long as it was not  
violated by the others. A new con-  
ference, it is declared, should supple-  
ment that declaration by putting it  
up to the United States and Mexico  
specifically to guarantee neutrality.  
As in the case of all buffer states,  
Honduras is the weaker of the group  
in which trouble is so often threatened  
and her interests correspondingly suf-  
fer.

### HARRIMAN TALKS FREELY

Railroad Magnate Willing to Discuss  
Any Subject.

Chicago, April 1.—Edward H. Harri-  
man arrived here apparently in good  
health and ready to talk on all sub-  
jects. While his car was in the  
switching yards waiting to be hitched  
to the train that was to carry him to  
New York, Mr. Harriman submitted  
to all interviewers and expressed a  
series of remarkably frank opinions  
on railroads and the attitude of the  
past and the present administrations.  
In answer to a question regarding his  
position on tariff reform Mr. Harri-  
man said:

"If the government had revised the  
tariff, or given the country a good  
currency law, or both, we would not  
have had the Landis decision and we  
would not have had all this wasteful  
prosecution of corporations nor all of  
this hostile legislation against rail-  
roads and the country would today be  
going along swimmingly."  
"I have been quoted," he continued,  
"as criticising and speaking harshly  
against the government and our ex-  
president for having prosecuted me  
and the interests which I represent.  
I have never spoken bitterly regard-  
ing either and I have no criticism to  
make. The prosecutions were all  
right, for there is nothing about the  
railroads which I represent that I de-  
sire to conceal. Every move we have  
made has been known to the govern-  
ment and we have tried to obey the  
law. I harbor no resentment toward  
the government nor toward any indi-  
vidual."

## STATE PAID FOR POLITICAL TRIP

According to Testimony of Wis-  
consin Oil Inspector.

Madison, Wis., April 1.—During the  
day's session of the senatorial pri-  
mary investigating committee the ex-  
amination of State Oil Inspector E. L.  
Tracy was completed. Tracy said  
that on one occasion he had been  
told by A. T. Rogers, executive clerk  
for Governor La Follette, to charge  
up the expense of a political trip to  
the state to his expense account. Fur-  
ther examination by Senator Marsh  
brought out the fact that Tracy did  
not consider his affidavit of expendi-  
tures and per diem as in the nature  
of an oath or as sacred as that which  
he took before becoming a witness.

Tracy also stated that when he was  
deputy game warden four years ago  
that those officials were asked for  
campaign contributions two or three  
times a year.

A letter written by Walter L. Hous-  
er, former secretary of state, was  
read into the record stating that La  
Follette favored Hatton's candidacy;  
that McGovern was "unavoidable,"  
and that Stephenson was "distaste-  
ful" to La Follette.

A Society Composition.

The professor seated himself airily  
at the piano and announced in a far-  
away voice, "Song mitout vordts."

He rendered a few dreamy chords,  
and then Bertie Flippe told Mrs. Dash-  
leigh a screaming story, and a bunch  
of debutantes in the corner quarreled  
about a handsome actor.

The professor roused. "Song mit  
vordts—lots of vordts," he corrected.—

## ANTI-TRADING STAMP BILL

**Passes the House With Two  
Votes Against It.**

**NOT ABSOLUTELY PROHIBITED**

Measure Requires the Stamps to Have Their Value Printed on Their Face. Senate Passes the Putnam Bill Extending Aid to County High Schools, Graded, Semi-Graded and Consolidated Schools That Teach Agriculture.

St. Paul, April 1.—The anti-trading stamp bill, already passed in the senate, passed the house by a vote of 105 to 2. The bill will go into effect as soon as it is signed by the governor. This will be done within a couple of days.

The bill does not absolutely prohibit giving trading stamps, but requires the stamps to have their value printed on their face, and makes unlawful the present method of compelling the women to lick a whole book full of stamps before they get any presents. The bill had to be drawn that way to make it constitutional, the supporters of the measure said, but they claim that it will put the concerns who have been drawing millions from the state under this scheme out of business anyway.

The supporters of the bill said that the stamp concerns hold up the merchants for big sums, several times as much as the value of the presents, which they give the public.

After the greatest amount of jockeying on a bill this session the senate after a long debate passed the Putnam bill, extending aid to county high school, graded, semi-graded and consolidated schools, which teach agriculture and domestic science. The bill carries an appropriation of \$50,000 for the next two years, enough for ten schools each year. **Must Yet Pass Finance Committee.**  
The bill must yet pass the finance committee, but the overwhelming majority in the senate indicates that it will be favorably acted upon by the committee.

The passage of this measure commits the senate to a county scheme of agricultural education. One school in each county is to be equipped, together with a five-acre tract for the cultivation of farm products.

After adopting a motion to adjourn this evening until Monday morning the senate accepted the invitation of the Duluth Commercial club and other bodies to visit the iron range before taking action on the tonnage tax. ### AMENDMENT TO PAYNE BILL

Would Allow Western Manufacturers to Retain Export Trade.

Washington, April 1.—To remedy the objections which they make to the extended drawback privileges of the Payne tariff bill, the Republican representatives from the wheat growing states of the West have submitted to the ways and means committee an amendment in the nature of an additional provision to the drawback section of the new bill.

Their principal contention was that the new provision would result in the manufacture of flour for export at the cities along the Atlantic seaboard instead of at the Western mills, as is the custom now. In order that the Western manufacturers may retain the export trade it is proposed that any article manufactured of grain raised in the United States, in order to obtain the drawback when exported in lieu of import grain, must be manufactured in the same mill or factory as the article manufactured from the imported grain.

A further provision would make all bran, shorts and other by-products of imported wheat manufactured in a bonded warehouse for domestic consumption subject to a duty of 25 percentum ad valorem, based upon the market price at the place of manufacture.

It also specified that an amount to the like rate of duty shall be deducted from the drawback on imported wheat if any product of imported wheat or its equivalent from domestic wheat is not exported.

## CRAZY SNAKE TO SURRENDER

**Wounded Indian Chief Ready  
to Give Himself Up.**

**SENDS MESSAGE TO FRIEND**

Creek Leader Wished to Be Guaranteed Fair Treatment Before He Would Yield—Failed to Notify Authorities Where to Send Answer. Cousin of Crazy Snake and Three Others of the Band Surrender.

Choctaw, Okla., April 1.—Colonel Hoffman, commanding the militia, states that he has every assurance of surrender of Crazy Snake within a short time. The signal fire of an agent acting as go-between was seen in the hills attempting to locate the fugitive.

This information was received here over long distance telephone.

Eastman Jones, a cousin of Crazy Snake, and three others of the band surrendered to Colonel Hoffman.

It was learned that Crazy Snake's inquiry as to protection in case of surrender was not official, but was communicated in a roundabout way, in keeping with the characteristic cunning of the man supposed to have sent it. On Monday night an Indian boy came to the home of Dr. McIlhenny at Brush Hill, six miles from Pierce. The boy said the old chief had suffered a slight gunshot wound in the calf of his leg last Sunday but was able to move. The lad declared that the fugitive wished to surrender if Dr. McIlhenny would guarantee fair treatment. Then the messenger disappeared as mysteriously as he had come, leaving the physician, an old resident and friend of the Creek leader, to wonder how to reach the latter with an answer. Since that time it has, it is said, been the inability of Colonel Hoffman to find where to deliver his assurance of safety that has prevented the surrender of the much sought red man. Even Crazy Snake's sister could not, or would not, indicate his whereabouts.

The day has been raw and wet and it seems certain that Crazy Snake despite his years and his wound has been exposed to all the severities of the weather, as every habitation and shelter has been searched for him in vain.

The expiring bluster of the month is expected to hasten the further scattering or the surrender of other Creeks. They are not well clad and have no provisions, save such as may be obtained surreptitiously.

The town of Pierce, if it may be called a town, is the base of present operations. The majority of maps do not indicate it. It consists of a general store, the store keeper's cottage and the store keeper's barn, and that is all. Pierce is twenty-five miles east of Henryetta and fifteen miles west of Checotah.

### UPRISING IN CHIHUAHUA

Mexican Indians Kill Several Tax Officials.

El Paso, Tex., April 1.—Rebelling at the attempt of the authorities to collect taxes and confiscate property the Temosachic Indians in the state of Chihuahua broke into open warfare, killing several tax officials, terrorizing the town of San Andreas and cutting the telegraph wires.

Indians then sent out a general call for reinforcements to resist the enforcement of taxes and the confiscation of property. Two train loads of troops have been sent from Chihuahua to quell the rebellion.

The country is thickly populated with descendants of Temosachic Indians. The ranchers in the district are known as the "sharpshooters of Chihuahua" and are feared by the state officials. The Indians and half-breeds always go armed and are skilled at warfare.

### STABS WIFE AND HIS GUEST

North Dakota Hotel Proprietor Crazed With Jealousy.

Berthold, N. D., April 1.—Crazed with jealousy, John Boyle, proprietor of a hotel here, severely stabbed his wife and Frank Trumble. Boyle declared he returned home in the afternoon and found Trumble in the room with Mrs. Boyle. He immediately pulled a knife and slashed his wife and Trumble, injuring both, though not fatally. Boyle was arrested and held to the district court under heavy bond on charge of assault with intent to kill. Mrs. Boyle and Trumble deny there was anything improper in their conduct and declare it was a case of jealousy on Boyle's part.

## REFUSES TO TAKE UP THE QUESTION

**Iowa Senate Postpones Constitutional Prohibition.**

Des Moines, Ia., April 1.—Constitutional prohibition for the state of Iowa was postponed if not defeated permanently for two years by the action of the state senate in voting down a motion to take up the question. The vote stood 26 against to 21 for. The prohibitionists admit their defeat and declare that there is no hope of reviving the matter during the ten remaining days of the session of the Iowa legislature. The senate's action followed that of the committee on constitutional amendments in unanimously tabling the resolution and thus refusing to report it to the senate.

Senator Proudfoot of Warren county, leader of the prohibition cause in the senate, presented the motion for taking it from the hands of the committee. In a speech of two hours he contended that the opposition of constitutional prohibition in basing their claims that the people could vote for a constitutional convention under the laws of the state at the next annual election and thus secure constitutional prohibition, was merely a subterfuge. The action of the senate, however, was due largely to the fact that under the constitution of Iowa the question of revision of the constitution must be submitted to the people once in ten years.

### WILL PROTECT ROOSEVELT

Naples Authorities Are Taking Extraordinary Precautions.

Naples, April 1.—The Naples authorities are taking extraordinary precautions to insure the safety of ex-President Roosevelt during his short visit to this city. They are not only keeping a close watch on the Italians who have returned from the United States or who have relatives there, but also on the foreigners of different nationalities who are now here. The people of Naples are anxious to extend to Mr. Roosevelt the heartiest of welcomes. The American consul, Casper S. Crowninshield, has already received many proposals from associations and private individuals wishing to convey messages of homage to the ex-president or in some other way to manifest their feeling of admiration for the United States, personified in the former president of that country.

Girl Attempts Suicide.

Des Moines, Ia., April 1.—Rose Garland, aged eighteen, a pretty telephone operator, swallowed an ounce of carbolic acid at her home here following a quarrel with her mother about her wedding plans. Attending physicians say the girl cannot live.

### CONFERENCE MAY BE HELD

To Prevent Threatened War in Central America.

Washington, April 1.—Thoughtful students of Central American affairs who view with dismay the recurrent reports of a general war among the republics predict that one of the probable outcomes will be the holding of another Central American conference, which shall make the declarations of the Washington conference absolutely effective by being backed up emphatically by the strong hands of the United States and Mexico.

Honduras being in large measure the key to the Central American situation, a declaration of neutrality affecting that country which would be fully respected by the other republics is needed, it is declared. A buffer state between Nicaragua and Costa Rica on the south and Guatemala and Salvador on the north and west would thus be provided.

At the last conference Honduras was declared neutral and the other republics bound themselves to regard that neutrality so long as it was not violated by the others. A new conference, it is declared, should supplement that declaration by putting it up to the United States and Mexico specifically to guarantee neutrality. As in the case of all buffer states, Honduras is the weaker of the group in which trouble is so often threatened and her interests correspondingly suffer.

### HARRIMAN TALKS FREELY

Railroad Magnate Willing to Discuss Any Subject.

Chicago, April 1.—Edward H. Harriman arrived here apparently in good health and ready to talk on all subjects. While his car was in the switching yards waiting to be hitched to the train that was to carry him to New York, Mr. Harriman submitted to all interviewers and expressed a series of remarkably frank opinions on railroads and the attitude of the past and the present administrations. In answer to a question regarding his position on tariff reform Mr. Harriman said:

"If the government had revised the tariff, or given the country a good currency law, or both, we would not have had the Landis decision and we would not have had all this wasteful prosecution of corporations nor all of this hostile legislation against railroads and the country would today be going along swimmingly."

"I have been quoted," he continued, "as criticising and speaking harshly against the government and our ex-president for having prosecuted me and the interests which I represent. I have never spoken bitterly regarding either and I have no criticism to make. The prosecutions were all right, for there is nothing about the railroads which I represent that I desire to conceal. Every move we have made has been known to the government and we have tried to obey the law. I harbor no resentment toward the government nor toward any individual."

## STATE PAID FOR POLITICAL TRIP

**According to Testimony of Wisconsin Oil Inspector.**

Madison, Wis., April 1.—During the day's session of the senatorial primary investigating committee the examination of State Oil Inspector E. L. Tracy was completed. Tracy said that on one occasion he had been told by A. T. Rogers, executive clerk for Governor La Follette, to charge up the expense of a political trip to the state to his expense account. Further examination by Senator Marsh brought out the fact that Tracy did not consider his affidavit of expenditures and per diem as in the nature of an oath or as sacred as that which he took before becoming a witness.

Tracy also stated that when he was deputy game warden four years ago that those officials were asked for campaign contributions two or three times a year.

A letter written by Walter L. Houser, former secretary of state, was read into the record stating that La Follette favored Hatton's candidacy; that McGovern was "unavoidable," and that Stephenson was "distasteful" to La Follette.

### A Society Composition.

The professor seated himself alrily at the piano and announced in a far-away voice, "Song mitoudt vordts."

He rendered a few dreamy chords, and then Bertie Flippe told Mrs. Dashleigh a screaming story, and a bunch of debutantes in the corner quarreled about a handsome actor.

The professor roused. "Song mit vordts—lots of vordts," he corrected.—Puck.

The non-support case brought by  
Mrs. Geo. Montney against her hus-  
band, George Montney, was tried in  
municipal court today and the story of  
their conjugal difficulties was racy in  
the extreme. The case was finally  
settled out of court, he agreeing to  
give her \$5 per month and the use of  
the home in West Brainerd.

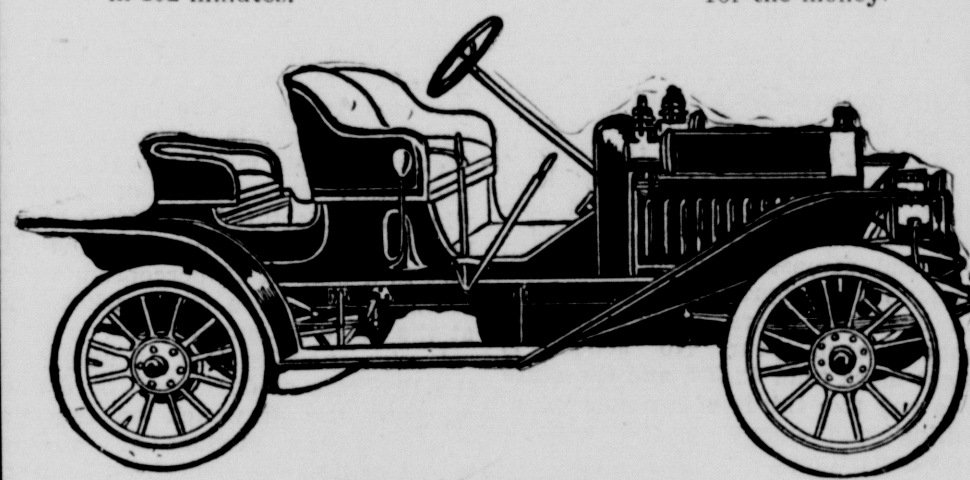

The city health officer states that  
the dog quarantine, which has been in  
force in this city for the past couple of  
months will terminate April 7th, after  
which dogs will be permitted to run at  
large. There have been no cases of  
rabies reported in the city during the  
quarantine except two or three dogs  
which were tied up at the time and had  
no opportunity to have bitten others.

Word has just reached here that E.  
C. Hoberg, who owned a homestead  
near Pelican Creek, Crow Wing coun-  
ty, was killed on March 15 while work-  
ing at one of the Northland Pine Com-  
pany's camps near Leech Lake. He  
was swamping and a white pine tree  
two feet thick, which was being felled  
by the choppers caught him. Mr. Ho-  
berg was lame and was unable to get  
out of the way of the tree which fell in  
a different direction from that intended  
by the choppers. Hoberg left a di-  
vorced wife and two sisters, but no  
children.

HEAVIER STEEL  
IS TO BE LAID  
Outfit Being Unloaded at Cedar  
Lake is for that Purpose  
Says Roadmaster Tyler  
OFFICIALS VISIT THE IRON RANGE  
General Superintendent and Di-  
vision Superintendent of N. P.  
Visit Cuyuna Range

T. J. Tyler, roadmaster on the Lake Superior division of the Northern Pacific railway, states that the outfit being unloaded at Cedar Lake, and which was the basis of the report in the Aitkin Age that work was to be commenced at once on the spur to the Rogers Brown shaft, at Rabbit Lake, is not for that purpose at all. The outfit is for the steel and ballasting gang which will commence the work of laying 90 pound steel between Cedar Lake and Brainerd as soon as the frost is out of the ground. Mr. Tyler says that if there is an immediate prospect of the construction of the spur he does not know of it.

F. W. Gilbert, general superintendent of the Northern Pacific system, with E. C. Blanchard, division superintendent and Mr. Tyler, were in Deerwood Wednesday and were driven to the Rogers-Brown mine and to other iron prospects in that vicinity. The officials came to this city on a special from Deerwood last evening and remained here until midnight when they were taken to Staples by the regular train.

**AMID A PAINFUL SILENCE**  
Final Act in Serbia's Submission Occurs in National Assembly.  
Belgrade, April 1.—The final act in Serbia's submission occurred in the national assembly when amid a painful silence, M. Milovanovic, the foreign minister, read the text of the note to Austria. In this note Serbia, bowing to the will of the powers, withdrew all opposition to Austria-Hungary in the annexation of Bosnia and Herzegovina by the latter country and promised to maintain peace. Not a single deputy rose to speak when the reading ended and the president declared the sitting closed.

A secret sitting, extending over several hours, had previously been held, so that the deputies might be fully informed as to the political situation. The newspapers for the most part refrain from commenting upon the action of the government and there is no indication as yet that the cabinet has lost the confidence of the deputies or the country to any extent.

**Refused \$200 An Acre**  
The Verndale Sun says: A number of years ago M. Lynch, of this village, came into possession of a 240 acre tract of land 10 miles from Brainerd. It was of a very sandy nature and Mr. Lynch did not figure that he was much richer by its possession and a small amount of money would have taken the land at any time since, but he never as much as had an offer for it. However of late conditions there have changed and he finds himself in possession of valuable property. It is in the iron ore belt and he has refused offers of \$200 per acre. On the tract adjoining his they are already putting in machinery for the mining of ore and Mr. Lynch hardly knows what his land is worth, but will get a good round price before he lets go.

**Attention B. P. O. E.**

**WILL GO TO PINE RIVER**  
Remains of Elmer Church will be Sent there Friday for Burial  
The remains of the late Elmer Church, who was killed Tuesday night by being struck by a train, will be sent to his home at Pine River tomorrow for burial. Mr. Church was a man nearly six feet ten inches in height and it was necessary to send to the twin cities to get a casket large enough for him. The casket did not arrive until this noon which rendered it impossible to ship the remains today. The deceased left a widow, said to be in very poor health, and two children. He was a member in good standing in Pine River camp of Modern Woodmen and according to a letter received from Peter Yde at Sylvan, his former home, he carried \$1000 insurance in that order. Mr. Church only moved to Pine River a year ago, instead of three or four as stated yesterday. He sold his farm about three years ago and moved to Sylvan, where he resided for two years before going to Pine River.

**DEERWOOD NOTES**

Chas. Hanson returned from the coast, having visited the larger cities on the north coast. He also kept an eye out for a better place than Deerwood while passing through our Northern neighbor Canada. He has as yet not fully made up his mind that he saw anything better than his present location.

Christ Olson has moved from his former home east of town into the new house just erected in town.

B. B. Broadwell, chemist and assayer for the Cuyuna Laboratory Co., has been succeeded by A. C. Dennis, Mr. Broadwell having secured a more preferable position at Marquette, Mich.

Cuyler Adams came up from Duluth on Wednesday in company with some of the head officers of the N. P. They had under consideration some improvements at this place in way of better passenger depot, additional waiting room especially a ladies' room having become an urgent necessity.

One of Deerwood's old settlers, Fritz Erich with family and also his brother Christ, left for Illinois last week to make that place their future home. They took Peter Larson along for pilot.

To see the commercial men come off the trains these days leads to the belief that this place is either a good business point or soon expected to be.

Miss Alta Berthiaume left on Tuesday for Minneapolis to accept a position as telephone operator.

Miss Lydia Fogelstrom, of Brainerd, is visiting her aunt, Mrs. Abrahamson.

H. J. Hage was a Brainerd visitor on Wednesday between trains.

Capt. Anderson with Rogers Brown Ore Co., reports a change in the direction of the drift at the shaft, the object of which is to drift in direction of where the new shaft is going down, expecting to work both from top and bottom.

Mrs. Gough is visiting at Duluth for a short time, leaving here Sunday afternoon.

Dr. Reid went to McGregor on Wednesday on professional business.

Ralph Pomeroy and Miss Abbie Gilbert were united in matrimony at Cuyuna on Tuesday evening by Rev. Parish.

Mr. Seafeld, with the Helmer Exploration Co., this week shipped one of their drills to Staples. They expect to locate the next big iron find in that vicinity.

Pains of women, head pains, or any pain, stopped in 20 minutes sure, with Dr. Shoop's Pink Pain Tablets. See full formula on 25c box. Sold by H. P. Dunn. t t f

**CLOVER AND POTATOES**  
Special Session of Farmers' Institute Will be Held at Sylvan April 13 to Discuss Them  
There will be a special session of the Minnesota Farmers Institute at Sylvan, Tuesday, April 13, at 1:30 o'clock p. m., at which time C. E. Brown, of Elk River, Minn., and L. E. Scott, of Stanley, Wis., practical clover and potato growers, will give instruction on all phases of clover and potato growing. Clover, potatoes and live stock mean greater prosperity for Minnesota farmers; no one can afford to stay away from these meetings. Instruction will be given on the selection of seed potatoes, varieties, cultivation treatment for disease, harvesting and marketing; also on the seeding, growing and curing of clover and the production of clover seed. Come, bring your family. Get your neighbor to come too. No admission charge. Everything free.

**Why RALSTON SHOES**  
fit the feet  
\$4.00  
Ask any man who has ever worn a pair of RALSTONS what he thinks of them. He will tell you they're the most comfortable shoe he has ever worn. Try on a pair yourself and you'll say the same.

The secret of the exceptional fitting qualities of RALSTON SHOES lies in the fact that they're made over Foot-moulded lasts—exact replicas of human feet following the graceful foot curves on top and sides and moulded on the bottom in conformity with the mounds and depressions of the natural foot. RALSTON SHOES—for this reason—need no "breaking in."

We shall be pleased to show you how perfectly we can fit your feet.

## HEAVIER STEEL IS TO BE LAID

Outfit Being Unloaded at Cedar Lake is for that Purpose Says Roadmaster Tyler

### OFFICIALS VISIT THE IRON RANGE

General Superintendent and Division Superintendent of N. P. Visit Cuyuna Range

T. J. Tyler, roadmaster on the Lake Superior division of the Northern Pacific railway, states that the outfit being unloaded at Cedar Lake, and which was the basis of the report in the Aitkin Age that work was to be commenced at once on the spur to the Rogers Brown shaft, at Rabbit Lake, is not for that purpose at all. The outfit is for the steel and ballasting gang which will commence the work of laying 90 pound steel between Cedar Lake and Brainerd as soon as the frost is out of the ground. Mr. Tyler says that if there is an immediate prospect of the construction of the spur he does not know of it.

F. W. Gilbert, general superintendent of the Northern Pacific system, with E. C. Blanchard, division superintendent and Mr. Tyler, were in Deerwood Wednesday and were driven to the Rogers-Brown mine and to other iron prospects in that vicinity. The officials came to this city on a special from Deerwood last evening and remained here until midnight when they were taken to Staples by the regular train.

## AMID A PAINFUL SILENCE

Final Act in Serbia's Submission Occurs in National Assembly.

Belgrade, April 1.—The final act in Serbia's submission occurred in the national assembly when amid a painful silence, M. Milovanovic, the foreign minister, read the text of the note to Austria. In this note Serbia, bowing to the will of the powers, withdrew all opposition to Austria-Hungary in the annexation of Bosnia and Herzegovina by the latter country and promised to maintain peace. Not a single deputy rose to speak when the reading ended and the president declared the sitting closed.

A secret sitting, extending over several hours, had previously been held, so that the deputies might be fully informed as to the political situation. The newspapers for the most part refrain from commenting upon the action of the government and there is no indication as yet that the cabinet has lost the confidence of the deputies or the country to any extent.

## Refused \$200 An Acre

The Verndale Sun says: A number of years ago M. Lynch, of this village, came into possession of a 240 acre tract of land 10 miles from Brainerd. It was of a very sandy nature and Mr. Lynch did not figure that he was much richer by its possession and a small amount of money would have taken the land at any time since, but he never as much as had an offer for it. However of late conditions there have changed and he finds himself in possession of valuable property. It is in the iron ore belt and he has refused offers of \$200 per acre. On the tract adjoining his they are already putting in machinery for the mining of ore and Mr. Lynch hardly knows what his land is worth, but will get a good round price before he lets go.

## WILL GO TO PINE RIVER

Remains of Elmer Church will be Sent there Friday for Burial

The remains of the late Elmer Church, who was killed Tuesday night by being struck by a train, will be sent to his home at Pine River tomorrow for burial. Mr. Church was a man nearly six feet ten inches in height and it was necessary to send to the twin cities to get a casket large enough for him. The casket did not arrive until this noon which rendered it impossible to ship the remains today. The deceased left a widow, said to be in very poor health, and two children. He was a member in good standing in Pine River camp of Modern Woodmen and according to a letter received from Peter Yde at Sylvan, his former home, he carried \$1000 insurance in that order. Mr. Church only moved to Pine River a year ago, instead of three or four as stated yesterday. He sold his farm about three years ago and moved to Sylvan, where he resided for two years before going to Pine River.

## DEERWOOD NOTES

Chas. Hanson returned from the coast, having visited the larger cities on the north coast. He also kept an eye out for a better place than Deerwood while passing through our Northern neighbor Canada. He has as yet not fully made up his mind that he saw anything better than his present location.

Christ Olson has moved from his former home east of town into the new house just erected in town.

B. B. Broadwell, chemist and assayer for the Cuyuna Laboratory Co., has been succeeded by A. C. Dennis. Mr. Broadwell having secured a more preferable position at Marquette, Mich.

Cuyler Adams came up from Duluth on Wednesday in company with some of the head officers of the N. P. They had under consideration some improvements at this place in way of better passenger depot, additional waiting room especially a ladies' room having become an urgent necessity.

One of Deerwood's old settlers, Fritz Erich with family and also his brother Christ, left for Illinois last week to make that place their future home. They took Peter Larson along for pilot.

To see the commercial men come off the trains these days leads to the belief that this place is either a good business point or soon expected to be.

Miss Alta Berthiaume left on Tuesday for Minneapolis to accept a position as telephone operator.

Miss Lydia Fogelstrom, of Brainerd, is visiting her aunt, Mrs. Abrahamson.

H. J. Hage was a Brainerd visitor on Wednesday between trains.

Capt. Anderson with Rogers Brown Ore Co., reports a change in the direction of the drift at the shaft, the object of which is to drift in direction of where the new shaft is going down, expecting to work both from top and bottom.

Mrs. Gough is visiting at Duluth for a short time, leaving here Sunday afternoon.

Dr. Reid went to McGregor on Wednesday on professional business.

Ralph Pomeroy and Miss Abbie Gilbert were united in matrimony at Cuyuna on Tuesday evening by Rev. Parish.

Mr. Seafeld, with the Helmer Exploration Co., this week shipped one of their drills to Staples. They expect to locate the next big iron find in that vicinity.

## CLOVER AND POTATOES

Special Session of Farmers' Institute Will be Held at Sylvan April 13 to Discuss Them

There will be a special session of the Minnesota Farmers Institute at Sylvan, Tuesday, April 13, at 1:30 o'clock p. m., at which time C. E. Brown, of Elk River, Minn., and L. E. Scott, of Stanley, Wis., practical clover and potato growers, will give instruction on all phases of clover and potato growing. Clover, potatoes and live stock mean greater prosperity for Minnesota farmers; no one can afford to stay away from these meetings. Instruction will be given on the selection of seed potatoes, varieties, cultivation treatment for disease, harvesting and marketing; also on the seeding, growing and curing of clover and the production of clover seed. Come, bring your family. Get your neighbor to come too. No admission charge. Everything free.

**Why RALSTON SHOES fit the feet**

**\$4.00**

Ask any man who has ever worn a pair of RALSTONS what he thinks of them. He will tell you they're the most comfortable shoe he has ever worn. Try on a pair yourself and you'll say the same.

The secret of the exceptional fitting qualities of RALSTON SHOES lies in the fact that they're made over Foot-moulded lasts—exact replicas of human feet following the graceful foot curves on top and sides and moulded on the bottom in conformity with the mounds and depressions of the natural foot. RALSTON SHOES—for this reason—need no "breaking in."

We shall be pleased to show you how perfectly we can fit your feet.

## TO AGREE UPON A COMPROMISE

### House Republicans to Settle Their Differences.

### VOTE ON PAYNE TARIFF BILL

Confidently Expected That It Will Be Taken on April 10—Standpatters Show a Disposition to Accede to the Wishes of Those Who Oppose Gag Rule, Which Would Prevent a Vote on Important Schedules.

Washington, April 1.—A compromise is to be agreed to by the various factions on the Republican side of the house regarding the consideration of the Payne tariff bill, and it is confidently expected that the measure will be voted upon on April 10.

There was a noticeable disposition on the part of the "standpatters" following their conference with President Taft Tuesday, to accede to the wishes of those who have opposed any "gag rule" which would prevent a vote on certain important schedules. The ways and means committee has agreed to submit amendments to the bill which will keep tea on the free list, strike out the countervailing duty on coffee and make the rate on barley 25 cents a bushel.

While it probably will be impossible to have a rule to limit amendments favorably acted upon every Monday, Representative Dwight (N. Y.) is making every effort to get the members in line. Speaker Cannon, Chairman Payne and Representative Dalzell, in their desire to have the bill passed by the house without delay, are endeavoring to restrict as far as possible the amendments to those which the committee will offer. Representative Tawney (Minn.) and Representative Smith (Ia.) are the leaders in the fight to have certain important schedules submitted to a vote by the house.

Fears that the senate will not make changes in the bill which they desire and their determination to satisfy their constituents that are looking after their interests in the house, are the main reasons certain Republican representatives are holding out for a rule which will permit them to accomplish these objects. Up to this time the "standpatters" have agreed to permit the discussion for amendments of the paragraphs on hides and lumber. It probably will be necessary, however, for them to grant the same permission with a regulation to the reciprocity clause on bituminous coal and the paragraph which places iron ore on the free list.

James J. Hill, the railroad magnate, called on Speaker Cannon and informally discussed the tariff with him and with members of the tariff-framing committee and Representative Tawney of Minnesota. Mr. Hill is understood to be in favor of repealing the duty on lumber, but would not so express himself for publication.

### AGAIN PICKED TO PIECES

#### Payne Tariff Bill Criticized by House Members.

Washington, April 1.—The Payne tariff bill again was picked to pieces in the house of representatives. There were no prolonged speeches and in consequence many were afforded an opportunity to express their views. Lumber, coffee, wood pulp and print paper, tobacco, coal, zinc and the bill were generally discussed. The arguments on lumber came from the South through Mr. Pujol of Louisiana and Mr. Thomas of North Carolina, who did not want the protection afforded the lumber industry disturbed. There was an interesting exposition of the wood pulp question by Mr. Mann of Illinois, who defended the proposed reduction of the duty on that product. Mr. Larrinaga, the Porto Rican commissioner, made an exhaustive plea for a tax of 5 cents a pound on coffee from that colony. Others who spoke were Messrs. Morgan of Missouri, Brantley of Georgia, Douglas of Ohio, Rothermel of Pennsylvania, Lovering of Massachusetts, Sulzer of New York, Mondell of Wyoming and Griest of Pennsylvania.

That interest in the tariff debate is lagging was evidenced by the presence of only two dozen members at the opening of the night session. There was a smaller number of spectators in the gallery than during the past two nights. Maiden speeches were made by Messrs. Rucker (Colo.), Latta (Neb.), A. Mitchell Palmer (Pa.) and Morgan (Okla.). The other speakers at the night session were Messrs. Haugen (Ia.), Edwards (Ky.), Hubbard (W. Va.), Craig (Ala.) and Guernsey (Me.).

### HAVE FAITH IN ROOSEVELT

#### Natives Believe He Will Save Them From Lions.

Mombasa, B. E. A., April 1.—The preparations for the reception here of Theodore Roosevelt are nearing completion. Sir James Hayes Sadler, governor and commander-in-chief of the protectorate, who has been transferred suddenly to the Windward islands, is very much disappointed that he will not be able to receive the former president of the United States. This duty will devolve upon Frederick John Jackson, lieutenant governor of the protectorate. Mr. Jackson is a famous sportsman and the author of a book on big game.

Since the advent of the rains, lions have been terrifying the natives within four miles of Kilindini. An elephant that evidently had strayed from a herd made its way into the bazaar at Masingi and played havoc. The natives at Masingi have been assured that they need have no further fear, as Mr. Roosevelt is on his way to the protectorate to hunt. They are awaiting Mr. Roosevelt's arrival contentedly.

### CITIES HONOR TAFT.

#### Chicago's Novel Method of Celebrating the Inauguration.

### CINCINNATI STOPS WORKING.

#### All Business Suspends—Church and Fire Bells Ring and Whistles Blow Several Minutes—Yale Students March Through Snow and Cheer.

All Chicago took the oath of office with President Taft when he was inaugurated. During the five minutes when the president elect was standing with head bared before the chief justice of the supreme court business throughout the city was suspended. After 11 o'clock telephone operators answered all calls with "Taft is president" instead of the usual "Number, please."

In many places there were prayers for the success of the incoming administration. In the courts there were speeches by judges and lawyers, urging upon the crowds that gathered a better citizenship.

In several private business establishments those in authority gave short informal talks. In the restaurants the diners laid down their knives and forks while the orchestras played patriotic airs. In the wheat pit the babel halted, while the secretary of the board of trade announced that President Taft was taking the oath of office, and then it broke forth anew amid the fluttering of flags. In the marriage license clerk's office a blushing bride and bridegroom stood up and took the matrimonial oath to "love, honor and obey."

All activity in the criminal court building paused at 11 o'clock. The elevators were stopped and the judges adjourned court for five minutes. In the superior, circuit, county and probate courts speeches were made by the judges and others. Chief Judge Harry Olson and his eighteen associate judges in the municipal court building all took part in the celebration. All the police courts took a recess while the inauguration was going on.

All departments of the postoffice suspended operations for five minutes. A whistle connected with the compressed air apparatus of the postoffice pneumatic tube system was kept screaming during the pause, and A. E. Le Gros, in charge of the government chronometers, kept the time bell going to add to the noise.

Employees of the board of education sang songs and listened to an address by Otto C. Schneider, president. In the schools the pupils stopped their work for five minutes.

An imitation of the inauguration ceremony was given by the pupils of the Eighth grade of the Franklin school. A president, vice president and cabinet had been elected, and at 11 o'clock the boy officials took the "oath of office."

The city hall celebrated the inauguration by the suspension of work in all departments. Special exercises were held in the council chamber.

To give honor to Cincinnati's most distinguished citizen and the twenty-seventh president of the United States, William Howard Taft, all business was suspended and the bells of the churches and fire department were rung and the whistles on all factories were blown for several minutes, beginning at 11 o'clock on the morning of the inauguration.

This was done in compliance with a proclamation issued by the city's executive, but the earnestness of the demonstrations was prompted by the respect and admiration which Cincinnati in general have for their fellow citizen, who has been honored

Each crowd of citizens followed their own desire in the form of their celebration, but their form of salutation was "Long live the president!"

John W. Herron, the aged father of Mrs. Taft, who has been ill for some time, sat in the library of his home in Cincinnati and heard reports of the inauguration ceremonies at Washington. He expressed a desire to visit Washington as soon as he regained sufficient strength for the trip.

More than a thousand students of Yale university marched through the streets of New Haven, ankle deep in slushy snow, at the exact time the inaugural parade was going on in Washington. They also held a mass meeting in Alumni hall in honor of President Taft as the first Yale graduate to have that honor. Speeches were made by Professor Reed and Colonel N. G. Osborn, and there was much enthusiasm among the students and graduates. A message congratulating him on his induction into office and wishing him in his administration godspeed was sent from Yale to President Taft.

In the Minnesota legislature a recess was taken during the hour when President Taft was inaugurated, and Republicans and Democrats vied with each other in expressing loyalty to Mr. Roosevelt and for President Taft. At the conclusion of the eulogies the house testified its respect for the incoming president with a rising vote, and the speaker was instructed to send telegrams of congratulation to both Roosevelt and Taft.

Business was suspended for five minutes on the board of trade in Kansas City during the inauguration of President Taft, while the members sang "America."

### A Speedy Cure for

Constipation, Biliousness, Dyspepsia, Indigestion, Liver Complaints, Tired Feeling, Bad Taste in the Mouth, Bad Complexion, Nervousness and all diseases of the Stomach, Liver and Bowels.

**Bloodine Liver Pills** act gently, yet thoroughly cleanse the bowels, liver, stomach and digestive organs. The pills, in old and chronic cases of constipation and indigestion, act at once, without griping, nor do they leave any unpleasant after-effects, nor form a constant habit of purging, produced by other cathartic remedies.

**Bloodine Liver Pills** restore the deranged and torpid liver to its normal condition and healthy action. Remove and prevent constipation by securing a natural and regular operation of the bowels, and relieve those unpleasant symptoms which attend a diseased or morbid condition of the liver, stomach and bowels. To assist in attaining this end, the following suggestions are offered.

**REMARKS.** Everyone who uses pills for their action on the liver, should know that large doses rarely prove as satisfactory as small ones. Large doses simply purge and pass out of the system, usually leaving the bowels constipated, and seldom removing the cause of the trouble, or improve the general health. On the other hand, small doses develop the alternative effect of the medicine, do not irritate or constipate the bowels, but gently stimulate the liver and prevent the accumulation of bile by directing its flow into the proper channels. Therefore it is advisable to commence by taking not over one or two pills at bedtime and increase dose as necessary.

### Irregular Spellers.

Shakespeare and his contemporaries, not to speak of their predecessors, appear to have done their literary work without the aid of a dictionary, for in the Bookeller, in "Notes on Dictionaries," we read that the first English dictionary would seem to be that by Cockeram, published at London in 1623, when Shakespeare had been dead seven years. It was a small pocket volume and did not profess to contain all the words in the language. But Shakespeare had the biggest vocabulary on record and did not worry over the spelling of even his own name.

### Why the Rib Was Used.

Why Eve was made from the rib of Adam has been explained by a witty sage of old. If she had been created from his mouth, she would have talked too much; if from his feet, she would have gone about too much; if from his ears, she would have listened too readily. But she was made from a rib, which is near the heart, to show that she must always be dear to man.—New York Tribune.

## TO AGREE UPON A COMPROMISE

House Republicans to Settle Their Differences.

### VOTE ON PAYNE TARIFF BILL

Confidently Expected That It Will Be Taken on April 10—Standpatters Show a Disposition to Accede to the Wishes of Those Who Oppose Gag Rule, Which Would Prevent a Vote on Important Schedules.

Washington, April 1.—A compromise is to be agreed to by the various factions on the Republican side of the house regarding the consideration of the Payne tariff bill, and it is confidently expected that the measure will be voted upon on April 10.

There was a noticeable disposition on the part of the "standpatters" following their conference with President Taft Tuesday, to accede to the wishes of those who have opposed any "gag rule" which would prevent a vote on certain important schedules. The ways and means committee has agreed to submit amendments to the bill which will keep tea on the free list, strike out the countervailing duty on coffee and make the rate on barley 25 cents a bushel.

While it probably will be impossible to have a rule to limit amendments favorably acted upon every Monday, Representative Dwight (N. Y.) is making every effort to get the members in line. Speaker Cannon, Chairman Payne and Representative Dalzell, in their desire to have the bill passed by the house without delay, are endeavoring to restrict as far as possible the amendments to those which the committee will offer. Representative Tawney (Minn.) and Representative Smith (Ia.) are the leaders in the fight to have certain important schedules submitted to a vote by the house.

Fears that the senate will not make changes in the bill which they desire and their determination to satisfy their constituents that are looking after their interests in the house, are the main reasons certain Republican representatives are holding out for a rule which will permit them to accomplish these objects. Up to this time the "standpatters" have agreed to permit the discussion for amendments of the paragraphs on hides and lumber. It probably will be necessary, however, for them to grant the same permission with a regulation to the reciprocity clause on bituminous coal and the paragraph which places iron ore on the free list.

James J. Hill, the railroad magnate, called on Speaker Cannon and informally discussed the tariff with him and with members of the tariff-framing committee and Representative Tawney of Minnesota. Mr. Hill is understood to be in favor of repealing the duty on lumber, but would not so express himself for publication.

### AGAIN PICKED TO PIECES

Payne Tariff Bill Criticised by House Members.

Washington, April 1.—The Payne tariff bill again was picked to pieces in the house of representatives. There were no prolonged speeches and in consequence many were afforded an opportunity to express their views. Lumber, coffee, wood pulp and print paper, tobacco, coal, zinc and the bill were generally discussed. The arguments on lumber came from the South through Mr. Pujo of Louisiana and Mr. Thomas of North Carolina, who did not want the protection afforded the lumber industry disturbed. There was an interesting exposition of the wood pulp question by Mr. Mann of Illinois, who defended the proposed reduction of the duty on that product. Mr. Larrinaga, the Porto Rican commissioner, made an exhaustive plea for a tax of 5 cents a pound on coffee from that colony. Others who spoke were Messrs. Morgan of Missouri, Brantley of Georgia, Douglas of Ohio, Rothermel of Pennsylvania, Lovering of Massachusetts, Sulzer of New York, Mondell of Wyoming and Griest of Pennsylvania.

That interest in the tariff debate is lagging was evidenced by the presence of only two dozen members at the opening of the night session. There was a smaller number of spectators in the gallery than during the past two nights. Maiden speeches were made by Messrs. Rucker (Colo.), Latta (Neb.), A. Mitchell Palmer (Pa.) and Morgan (Okla.). The other speakers at the night session were Messrs. Haugen (Ia.), Edwards (Ky.), Hubbard (W. Va.), Craig (Ala.) and Guernsey (Me.).

## TWO MEN INSTANTLY KILLED

Four Others Entombed as Result of Explosion in Mine.

Charleston, W. Va., April 1.—Two men were instantly killed and four more are entombed as a result of an explosion in the Echo mine at Beury, Fayette county. Two other men injured by the force of the explosion were rescued.

A telephone message from Beury stated that the dead bodies of Charles Jones and John Brumfield have been taken from the mine.

The rescue party holds out some hope for the remaining four entombed men, as a small opening to the mine was discovered which may supply them air.

### The Lurid Glow of Doom

was seen in the red face, hands and body of the little son of H. M. Adams, of Henrietta, Pa. His awful plight from eczema had, for five years, defied all remedies and baffled the best doctors, who said the poisoned blood had affected his lungs and nothing could save him. "But," writes his mother, "seven bottles of Electric Bitters completely cured him." For Eruptions, Eczema, Salt Rheum, Sores and all blood disorders and rheumatism Electric Bitters is supreme. Only 50c. Guaranteed by H. P. Dunn. tts-w
